THE PEAK AWARD FOR EXCELLENCE IN LEADERSHIP (INDIVIDUAL)

How is the nominee qualified for this award?

Award Qualifications

Leadership is a multifaceted quality that creates a clarity of mission, an environment which encourages innovation at all levels of an organization, empowers others within the organization and in the community. This award is given to an exceptional individual who demonstrates leadership in the efficient energy sector, considering greater energy efficiency, low- and zero-emission transportation, equitable energy benefits and burdens, and the advancement of the community at large.

1. The nominee must operate within SEEA's 11-state region (Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, and Virginia). Please provide an address or service area that meets this qualification.
2. How does the nominee actively work towards optimizing the use and impact of energy to enhance the quality of life in the Southeast? (100 - 250 words)
3. How does the nominee meet the qualifications of the Peak Award for Excellence in Leadership? Please provide specific examples. (250 - 500 words)
4. How has the nominee personally encouraged innovation in the sector and how have they created or led a work environment that fosters innovation? (250 - 500 words)
5. Describe how the nominee has considered equity throughout their work and the work of the organization to improve the broader community? (250 - 500 words)
6. What inspires you about the nominee? (100 - 250 words)
